## WHAT IS IVAS?

---

Derived from the word "NIVAS" which has a sanskrit origin which symbolizes a house, apartment or other shelter that is the usual residence of a person, family or household in which one's domestic affections are centered.

IVAS is a revolutionary concept that transforms home interior design with innovation. The letter "A" symbolizes our unwavering commitment to upgrading living space, which embodies our aim to usher in a new era of interior design that is better, bigger, and stronger. IVAS strives to inspire and redefine the home interior landscape by pushing the boundaries of design and creating living spaces that reflect unique personality and style. Join us on our journey to redefine the essence of interior design with IVAS.

The logo for NIVAS features the word "NIVAS" in a bold, sans-serif font. The letter "N" is light gray, while "I", "V", "A", and "S" are black. The letter "A" is stylized with a small orange triangle pointing upwards from its base.

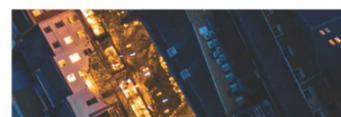

Every family is unique  
and so is their

BASE: B22

### APPLICATIONS

No more fumbling in the dark or letting precious moments get spoiled! Our LED Inverter Bulb is designed to keep your surroundings illuminated when electricity is nowhere to be found.

With its innovative inverter technology, this bulb works like a charm during power outages, ensuring you never miss a beat. Whether it's a cozy family dinner, an exciting game night, or a romantic evening, this bulb has got your back.

1. Include the emergency backup time.
2. Add the DC lumen information to the data.
3. Include technical specifications such as automatic charging while operating on AC voltage, as well as overcharging and deep discharging protection for the safety of the lithium battery.
4. Input Voltage 220-240V AC
5. correct Base cap code B22d instead of B22

### APPLICATIONS

Say goodbye to dimly lit corners and hello to a well-lit working environment! The ultimate lighting solution for large spaces! Designed with power and efficiency in mind, these bulbs are perfect for illuminating your large spaces. With their high wattage capabilities, our LED bulbs deliver bright and vibrant lighting, ensuring optimal visibility throughout your space.

1. correct the CCT for 30W(WW) , CCT should be 2700K instead of 6500K.
2. include wide voltage range 100 V - 440 V AC.
3. energy efficient Up to 80% saving
4. include both base cap option for B22d/E27
5. operating voltage range 100-300V AC.
6. Include the product efficacy in the specification table.
7. Input Volatge 220-240V AC

Create a Warm and Inviting Atmosphere

**APPLICATIONS**

Get ready to transform your space with its brilliant features. It's the perfect companion for any room. Say goodbye to eye strain and pesky dust and insects, as this batten provides gentle, eye-friendly illumination while keeping unwanted critters at bay. Plus, it boasts an impressive shelf life of 25,000 hours, so you can enjoy long-lasting performance. Isn't that fantastic?

1. Include the product material in specification list
2. >80 CRI for all the batten
4. segregate the batten as per the housing material like aluminium and plastic.
5. Include the product efficacy
6. add wide voltage operation 100-440V
7. for Aluminium housing product include a line like batten with Aluminium housing for better heat dissipation and reliability
8. perfect replacement of fluorescent tubelight with PC housing for better aesthetic solutions
